Sunshine Coast Air is a locally owned float plane operator based on British Columbia's beautiful Sunshine Coast. We provide year-round scheduled seaplane service to Vancouver and Vancouver Island, as well as scenic tours and charter flights throughout the West Coast. We are currently seeking a motivated, safety-focused, and customer-oriented Cessna 180 and Beaver DHC-2 float pilot to join our team based in Sechelt, BC. This position is ideal for a pilot who enjoys coastal flying, working closely with passengers, and being part of a collaborative team.

COMPENSATION AND BENEFITS

Competitive compensation based on experience and qualifications, with annual earnings ranging between $50,000 - $70,000 based on experience. In addition to salary, some company benefits include complimentary flights, family flight rates, gratuities (where applicable), subsidized staff housing (based on availability) and end of season bonus (based on successful completion of contract dates).

WORK HOURS

This is a full-time position averaging 40 hours per week over a two-week period, on a modified schedule of 4-5 days/week depending on operational needs. This role requires a successful candidate to work on weekends and holidays. Hours outside of peak season from May 1 – September 30 may fall below an average of 40 hours.

RESPONSIBILITIES AND DUTIES – PILOT ROLE

Responsibilities include, but are not limited to:

- Working with CSAs, Chief Pilot and management team regarding route, weather and load planning
- Flight plan creation, including routing, altitude, fuel requirements and weather
- Managing proper loading and weight and balancing of aircraft for each flight
- Completing daily aircraft inspections, fueling and oiling, and maintaining aircraft cleanliness
- Pre-flight aircraft checks
- Working with our AME's to resolve maintenance issues
- Safely operating company aircraft, working within safety standards and following protocols
- Providing concise, professional and informative passenger safety briefings prior to each flight
- Escorting passengers & their luggage to their flight
- Working on the dock assisting other pilots as needed
- Maintaining a clean dock and office environment
- Other duties as assigned by the management team

QUALIFICATIONS AND SKILLS

- Valid Transport Canada Commercial Pilots License, Float Rating
- Current CAT 1 Medical
- Preferred 1000 Hours PIC
- Preferred 500 Hours Floats
- Experience providing excellent customer service while working in a fast-paced environment
- Confidence with problem-solving and conflict resolution
- Ability to work individually, as well as within a team environment
- Proficiency in English, with strong verbal and written communication skills
- Availability to work various shifts based on operational requirements, inclusive of weekends and holidays

- Coastal flying experience with knowledge of the South Coast region of BC is considered an asset
- Ability to lift 50lb
